

\$RCON (RECON RACCOON) Whitepaper

Version: 1.0

Date: September, 2025

1. Introduction

- **Brief overview of the token's purpose:**
 - \$RCON is a memecoin on a mission to build a community in honor of those rugged/scammed within crypto. Our goal is to pursue growth, collaboration, and security within the cryptocurrency space.
 - **Inspiration behind project development:**
 - \$RCON was created after a CTO team had a project destroyed by the key figure (influencer). We came together to build something with transparency, longevity, and safety that our community could call their own.
 - **Community focus and reasons to join:**
 - Our community focus is to establish sanctuary within the cryptocurrency space and offer a long term solution to meme culture. Growth is one of our top goals with a platform setup for success.
-

2. Vision & Mission

- **Vision:** Our goal is to build an ecosystem that can be shared amongst community members and become a beloved memecoin on solana.
 - **Mission:** Provide safe refuge from rugged projects while simultaneously supporting the crypto community who steps up for long-term project developments. Using tokenomics and a team oriented platform, we aim for maximum exposure and growth.
-

4. Functions

- Describe **fun + functional** services:
 - **Weekly Hosting:** a weekly hosting service where the team and community come together to talk about crypto and project updates. We will invite guests from rugged projects who want to talk/share insight, invite CTO/low market cap projects to come speak about what they are doing, and give dedicated time for partnered projects to speak on updates for our listeners.
 - **Portfolio:** a webpage designated to embrace CTOs or smaller cap projects with an established following. Partnered projects commit to a discussed rate to help fuel growth of the RCON token and their own, through a structured revenue distribution model (detailed below). Tokens will be held as long as the partnered project remains active.
 - 12.5% buys RCON coin and burns
 - 12.5% sent to RCON marketing wallet
 - 12.5% used for LP/Pairing [RCON and partnered token] on ORCA
 - 12.5% dedicated to community outreach
 - 50% buys and holds initial value of partnered token
 - **Most Wanted:** a webpage designated to expose chronic offenders / scammers / rugpullers. Our project can help those navigate the cryptocurrency space safely.

6. Community & Governance

- The long-term success of \$RCON depends on the active participation and shared ownership of its community. Our governance model is designed to empower holders, promote transparency, and ensure the protocol evolves in alignment with the interests of all holders.
 - The only community donation/marketing wallet is doxxed and the following:
45if9iKWVCigc8fR94B6MfTHfXmRxD9dUqWxpBt8qVdj
 - We believe in a decentralized future where the community plays a central role in decision-making. Holders of \$RCON will have the ability to propose, discuss, and vote on initiatives that shape the project's direction, ensuring that the ecosystem is built by the community, for the community.
 - To maintain trust, governance decisions, treasury expenditures, and project updates will be documented publicly and available for review by all holders. Solscan confirmation will be provided for any and all expenditures from the community.
-

7. Security

- The only contract address for the \$RCON is:
7nZuYZYZnof9gF3zr9QhdxpQ1mTM8LN3VaJuhrGbonk
 - The liquidity pool is via Raydium and on the Solana blockchain. The liquidity is locked with the contract being immutable.
Pool id: GcxNEzvGsn3sJ753Ak6mcca43GsjLmNvFHYQva2bsf4k
 - The total supply is permanent without the ability to ever add supply. The only possible way to decrease supply is through burning tokens.
-
